

FINGER LAKES COMMUNITY COLLEGE--KEUKA COLLEGE
MASTER LIST of EQUIVALENT and TRANSFERABLE COURSES
2009-10

Explanation of Transfer Codes

Below is an alphabetical list (based on course letter designations) of every transferable Finger Lakes Community College course. In the second column, Keuka College equivalents are listed, where they exist.

The transfer codes in the third column identify courses that transfer either as general education credits in Keuka's traditional or transfer general education or as general elective credits. In most instances, courses without a code fulfill matriculation requirements or electives in at least one major program at Keuka.

- GENED = course fulfills a traditional general education requirement (applies to students transferring 24 or fewer credits).
BK1 = course fulfills a requirement in the breadth of knowledge group I section of the transfer core (for students transferring 25 or more credits)
BK2 = course fulfills a requirement in the breadth of knowledge group II section of the transfer core (for students transferring 25 or more credits)
BK3 = course fulfills a requirement in the breadth of knowledge group III section of the transfer core (for students transferring 25 or more credits)
GE = indicates a course that is transferable only as a general elective

Any transferable course may also count as a general elective if not already applied toward the general education or a major program requirement.
